D. OF D.
OCT 9 1913

TO THE SENATE OF THE UNITED STATES:

I transmit herewith to the Senate a report from the Secretary of State, together with the returns of causes depending in the courts of the United States, collected conformably to a resolution of the Senate of the 18th of January, 1819.

JAMES MONROE.

WASHINGTON, 11*th May*, 1820.

DEPARTMENT OF STATE,

2d May, 1820.

The Secretary of State, to whom has been referred a resolution of the Senate, of the 18th of January, 1819, requesting the President of the United States to cause to be laid before that body accurate lists of all causes which might be depending, on the first day of September, of that year, in the several District and Circuit Courts, and in the Supreme Court of the United States, distinguishing therein civil and criminal cases; admiralty and maritime cases; suits between citizens of different states; suits to which the United States are parties, stating separately suits for duties; original causes, and causes removed by appeal or writ of error, with the times of the commencement of the suits in the several courts; and such other statements, or explanations, as might appear to him proper, to exhibit the actual state and amount of the business depending in those several courts; together with a statement of the fees and emoluments of the marshals, district attorneys, clerks, and other officers, of the District and Circuit Courts, for the last two years, and the tables or rules by which such fees have been taxed; has the honor to report:

That, in the copy of the resolution of the Senate, as certified to this Department, the date at which suits might be depending was not inserted; and the Secretary of State, exercising, in this respect, a discretionary power, fixed it on the first day of October, instead of the first day of September, which latter date is the one stated in the printed journal of the Senate; a circumstance of which he was not aware until he had received and acted upon the certified copy of the resolution.

For the attainment of the contemplated object, a circular letter was addressed, on the 14th of August last, to the clerks of courts, and to the attorneys and marshals of the several districts of the United States, together with a copy of the resolution itself. With respect to the clerks, although the person is generally the same, the letter was sent to each, in his two-fold capacity of clerk of the District, and clerk of the Circuit Court. Blank forms, corresponding with the discriminations of the resolution, were forwarded to the clerks at the same time.

The returns, herewith communicated, will exhibit, in detail, the whole of the information thus obtained; and the accompanying abstracts, numbered from 1 to 6, inclusive, founded upon these returns, afford a general view, as far as the anomalous nature of the returns will admit of generalization, of the particulars in question.

Some of the judicial officers who have furnished information on this occasion, and some of the clerks in particular, having stated that they had incurred considerable expense in the making out of their returns,

conformably to the request of the Senate, and there being no appropriation for this object, the Secretary of State thinks it his duty to submit, for consideration, with this report, their claim to compensation.

The return of the causes, pending in the Supreme Court of the United States, having been accidentally mislaid, in the Department, application has been made to the clerk of the Court for a duplicate return, which will be transmitted to the Senate when received. The other returns, with a statement of the number of causes pending in that Court on the first of October, 1819, are now submitted, to avoid further delay in complying with the resolution of the Senate.

All which is respectfully submitted.

JOHN QUINCY ADAMS.

The PRESIDENT.

Table of fees taxed for the District Attorney for the District of Connecticut.

There is no table of Attorney's fees established by Act of Congress, applicable to this District, excepting fees in Admiralty causes, for which reference is had to the 4th section of the act, approved 28th February, 1799.

Drawing interrogatories, five dollars.
Drawing and exhibiting libel claim, or answer, six dollars.
And, for all other services, in any one cause, six dollars.

The practice of the Courts of the United States, in the progress of a cause in Admiralty, frequently authorise and require the performance of services indispensable for the interest of the United States, (as a process for a perishable monition, &c.) but for which no compensation is allowed, because the act above referred to does not provide for taxing other than the particular items specified. It is difficult to say by what table or rules fees in causes other than those of admiralty jurisdiction, are taxed. By the act of Congress referred to, District Attorneys are allowed "such fees in each state respectively as are allowed in the Supreme Court thereof."

By an act of the colonial government of Connecticut, passed about the year 1750, a fee table is established applicable to civil causes only. Among other items, the pay of Members of the Assembly is established at four shillings per day; Attorneys fees to be taxed in bills of cost in the Superior Court at eight shillings, or $1 34 That table has been altered at different times; the pay of Members of the Assembly raised to two dollars per day, and eighteen cents per mile travel; and yet Attorneys' fees in civil causes are still at one dollar thirty-four cents. At the revision of the laws of Connecticut, in 1784, a table of fees was established for the State's Attorney appointed in each county; and the following extracts from that table will exhibit the rule by which District Attorneys' fees are taxed in this state.

But this shall not be considered as authorizing an additional charge of per centage, when money is paid into their hands.
